APPENDIX

IN THE CLAIMS:

Please amend the claims as set forth hereinbelow and in the attached appendix:

20. (Amended) A method of treating a human or animal body comprising introducing into the body mucosally a composition comprising lamellar vesicles with a multilamellar onion-like structure with an internal liquid crystal structure formed by a stack of concentric bilayers based on amphiphilic agents alternating with layers of water, an aqueous solution or a solution of a polar liquid and into which the appropriate antigen is incorporated[, and removing and purifying said immunoglobulins].

21. (Amended) Method according to claim 20, wherein said composition is a composition which induces a [mucousal] mucosal response.
